Why choose GroundScope?

Rigorously vetted, licensed and insured transport providers provide a duty of care to travellers.

Worldwide fleet of over 150,000 vehicles, including electric vehicles, minibuses, taxis and chauffeur-driven cars.

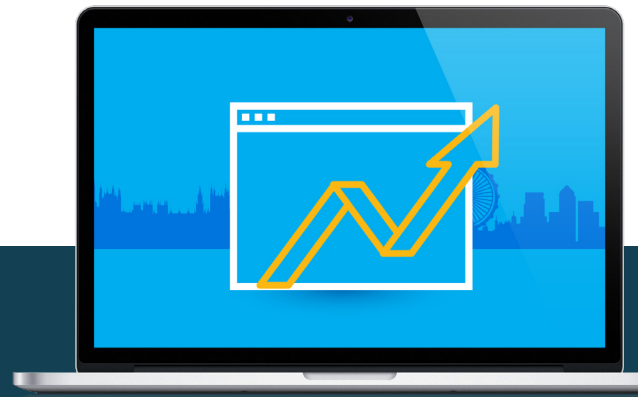

Excellent management information enables greater visibility and control of ground travel expenditure.

Service enhancements such as RideShare further reduce your costs.

PCI-compliant online booking tool and secure data storage.

Our Service

Whatever your ground travel requirements, GroundScope's solution offers cost efficiency and traveller peace of mind. Global ground travel is instantly accessible by phone or via GDS and Online Booking Tools. Our 24/7/365 customer service team is always on hand to answer any traveller queries.

With a global network of approved, vetted service providers and a fleet of over 150,000 vehicles, you can choose the right service level and price point for your business. And if you have a preferred provider, you can add them to our network.

The detailed data available through our secure, PCI-compliant system allows you to truly understand and manage your ground travel costs. Service enhancements such as GroundScope's RideShare allow further cost reductions by linking and sharing journeys.

Strategic Partners

As a strategic partner of major Travel Management Companies, Global Distribution Systems and proprietary Online Booking Tools, GroundScope ensures an end-to-end travel service for corporate travellers and bookers. GroundScope's easy-to-use service can be embedded in booking platforms such as:

Global Distribution Systems			
Online Booking Tool			
Travel Management Companies			

“ Since using GroundScope's service we have **succeeded in fully implementing our travel policy** to cover ground transportation. Going from an unmanaged to a **more controlled** service has **benefited our company's duty of care** responsibilities as well as **controlling our costs** ”

Paul (Associate Director in a leading Pharmaceutical company)
